

April 19,

Dear June:

How're y'all. It was double tough getting started back again this time. I've felt terrible all week. I'm coming home next Saturday if everything goes right and I think it will.

How are you doing at the ole job now. Are you going to be able to get off for the church picnic. You know it won't be long now. Not at all. It's just 49 more days until I'm all through up here and am I glad. Boy! It's been a long grind.

I just got back from seeing "Kitty Foyle" for the second time. It was pretty good even the second time.

It was too bad about Bud, wasn't it? I was so stunned that I walked around in a daze for hours. It was too bad he didn't get a chance to come home for awhile before.

Shirley's coming down this afternoon to spend the week-end. It will be good to have some one from around. I wish all of you could come sometime.

Well I guess that about sums up all there is to say for now. So I guess I'll say so long. Write soon.

Love,  
Bill.
