

May 5,

Amopola:

If you will excuse the stationery I will drop you a line or two.

I'm still walking around in a dream. all I can think about is Saturday night. Well I only have 32 more days now add then I will be home for good. It will be good to be at Houston again.

I just saw "The Son of Monte Cristo" it was good. Did you see it? There's going to be a good one in Houston next week, you know "I Wanted Wings" I sure wish I could see it.

If you get a chance come up to see us. We'll show you what there is to show around here. If we run out of things to see well we can always go to the show.

Dellie told me to tell you hello so --- hello.

Ice and Pro are carrying on a steady correspondence now. Ice got a letter today.

I hope Betty is in a better humor  
by now. We sure have a time keeping  
all Bess happy don't we kid. She  
sure was in a bad humor Saturday night  
wasn't she? There I go Saturday night  
again; it take these 32 days for me to  
get used to working again.

Well give my regards to every body  
and write soon.

Love  
Bill

P.S. Happy Mother's Day or somepin.
