November 16,

Evenin girlie:

Just finished your letter and thanks for the clipping. It looks good to see Houston in print again. I would have liked ~~teenering~~ the parade. You'd think that hey now I would be just a little fed up on military parades, but I still like to watch them.

Say what is it that this fortune teller tells you girls anyway to make you keep going back for more, and what does she tell you about me that you never new before. Maybe she could tell things about me that I don't know myself.

About the dance that I went too. You've seemed to have missed the point. It wasn't

that I was getting tired of dancing, but that I missed someone that I used to dance with.

I went to see Bette Davis in "Now Voyager" last nite. You must see it. It gives Miss Davis a chance to show what she can do again.

School is getting pretty rough and my time will be taken care of most of the day and night, so if my letters are slow please forgive.

I hope Davis won Saturday and I hope you all had a good time. Tell ole Pop to quit worrying about anything, it isn't worth it. Tell my sister hello and to write when she can. Tell Lady & Nova hello too I haven't seen them for a long time, and you must write again real soon.

Love
Bill
