Dearest June:

Guess you've waited sometime, haven't you?

I wish I could have written sooner, but even if I had the time there was so much I couldn't say.

I'm in a position to write now, so you will probably hear from me quite often now. I want to hear from you too. It has been just a few weeks since I last heard from home but it seems like years.

We are all enjoying ourselves here. We have been around a bit to see the country. I like the people over here and it will take no time at all for all of us to fit in. We have a swell bunch of Americans to work with too. Guys like us from all over our country, of course Texas is more than just represented among them.

Went to a dance the other night and was very surprised to find a lot of these Limy girls do a pretty good Fox Trot. Not like home though, just don't get the same kick out of it.

Hope to get a pass soon and get to see London. If I do I will tell you all about it. There is a lot to see in that town.

Tell your Mom & Dad hello for me and write as

soon as you can.

Love
Bill

Aug 5,

Sorry for the delay in mailing but I was shy an envelope
and postage.

If you see Pop tell him hello and also that I will
write him soon.

I have no idea how long this letter will be en route to
the U.S. I hope to keep up a steady stream from now on
though!

Again with Love
Bill
