

Saturday July 3,

Honey

Up bright and early this morning. we have a parade at 9.00 a.m. We have them every other week and they soon become a pain in the neck believe me.

I flew all day yesterday almost and I didn't have time to go down to the mail room and see if I had a sugar report as Dix calls them (a letter from the little one) So if I find one today it will make my week-end complete.

We are staying on the Post these days and we finished our flying yesterday so from now on we must watch and wait. It is not the fifth now but we expect to move any day from now on. I'll keep writing though until I have to leave and please do the same, Sweet, for all letters will be forwarded to me (Answer to your question at last).

Glad to hear that you had such a swell time over last week-end at Clear Lake and the dance. Wish as always that I could have been with you. You know we don't dance much down here.

We have a dance at our club tonight so Mac and I think that we will wander over that way and see what cooks. They sometimes have some gay affairs, but so much of the ole gang has gone that this promises to be an awful let down.

Hope you & boss and you are friendly again. You must have arrived late Wednesday. I'm sorry, maybe you should have caught the train. Maybe then too I could have taken you to the station and had a little time alone with you. It seems there is always a crowd, doesn't it kid? The train ride would have been long and hard though. That's all for now. I'll write again tomorrow.

Love
