April 3,

Sweetheart:

Received your letter today, and I am glad that you are willing to marry up with me even in Brady. Here's the deal as it is today and I guess we'll have to make plans according to the way things are now. I can't possibly get to Houston anytime soon and it looks like we will just have to be married here if we do it anytime soon.

I like Friday the thirteenth myself. It would be in the afternoon in town of Brady. I'm sure I can have everything ready. Maybe Pop will be able to make it there too. I have my eye on a house in Lake Brownwood it is very nice and furnished.

all we would need would be bed clothes  
and maybe a few odds and ends that we  
could pick up here. We would be very  
close to two other officers and their wives  
and we have discussed a car pool that  
would work I'm sure. I will know about  
all this in a few days and I can let you  
know by wire.

If your Mom and Pop come along with  
Bess, Mom and Joe I will have to make  
reservations at the Hotel Brady for them  
which won't be hard I think. It would be much  
better for them if they come by car. Alvin  
can tell you all you need to know about  
that situation. Gas would be the big problem  
there.

You could get the Dodge and  
get gas to bring it to me and also change  
your address. You'll also need a food  
ration book. I guess I can get one here.  
I can send you a wire in about  
four days and tell you about everything for  
sure. By being married on Friday evening and

Having huge amounts of luck we could possibly spend a week-end in Ft Worth. before I have to be back: But the great danger to that is flying on week-ends here. you see money at this stage I must stay ahead of the game our whole future may depend on it that's why I must be on the ball.

I know your folks and mine too would much rather have the affair take place at home, but unless you want to wait awhile it can't be, so talk it over and let me know if you decide to come.

~~So~~ let me know, sweet. Love you just as much either way you decide.

Bill
