

U. S. ARMY AIR FORCES  
AVON PARK BOMBING RANGE  
AVON PARK, FLORIDA

November 4,

Dear Mom:

Here is another money order. Purchase a bond for the de box. Same way co-ownership.

Tell Ben to drop me a line and give me the low down on his call. I think he will like the Coast Guard real well.

Still costing me a small fortune to live but I'm still O. F. Haven't done much work yet. I have a good coat of tan and I go to one show after another.

I see by the weather map this morning that Houston is having some dreary weather. I wish you could be here. Nov. 4th and we go swimming every day and there isn't a cloud in the sky and the birds sing

all the day.

We still wear khaki clothes. The mornings are cool but by noon the sun has warmed up every thing.

By the way I wish you would send me that small black note book that I left there and also that conversational spanish book.

I guess everybody is getting ready for Christmas by now. It looks like I'll spend this one in sunny Florida, but I'm dreaming of a "White Christmas".

Love  
Bill
