

HONDO, TEXAS

Sept 18,

Dear Mom & Betty:

Received both of your letters this week and it sure is good to hear from home. We work so hard and so long up here that anything like a letter sure relieves the pressure.

I flew to Tulsa Oklahoma last week instead of New Orleans. I sure do enjoy flying. I think I'm over my air sickness all together.

At last we have a show on the post and I can keep up with my pictures even though I can only see those on Saturday & Sunday, I still like to know what is playing.

I'm staying on the post this week end and I've found time at last to answer a few letters. Time is sure important up here.

I've promised myself a week-end at home and I'll show up one of these Sundays soon. I want to come while there is still some

traffic on the road.

I don't have the date of my graduation yet but I should know by the end of next week. It will be on a Saturday around the 17 or 18th.

I don't believe I'll bother with invitations or anything like that. We don't go in much for that sort of thing down here and besides all graduation means is that we have qualified to serve as aerial navigators and that our job has just begun.

That's about all for now. This next week will be the toughest yet wish me luck.

Love

Bill

P.S. Sending pictures please put in book
