

25 May

My Darling:

The major like the Captain loves you more than life itself.

They gave me the orders yesterday with effective date 13 May. We will be making more by 100 or so a month. I wish you were with me. Promotions are rather empty things without the one you love sharing the thrill with you.

Your Candy arrived yesterday.

Thank Mom for her nice letter.

Kiss the kids.

I love you.
